

STANDARD POSTAGE

Sample of cancelled postage stamps

STANDARD POSTAGE STAMPS - The above image contains sample stamps and the United States Postal Service (USPS) cancellation mark. Please note that the cancellation mark contains the date that the piece of mail was accepted into USPS custody. **The Tax Collector's Office uses the USPS cancellation mark to determine if a payment is timely or delinquent.**

Placing a letter in a USPS mailbox does not guarantee that it will be accepted and postmarked on the day you post the letter.

Please mail your payment early enough to account of unforeseen delays in mail handling.

Note: The postage rate used in this example was the postage rate in effect at the time the items were mailed and may differ from the current rate. Please consult the United States Postal Service for the correct/current postage rate for your letter.
